This text blends an emphasis on the conceptual aspects of accounting with the fundamentals of procedure and the uses of accounting information. Throughout the writing process of this edition, the authors worked closely with a developmental editor to help ensure the text is student-friendly and even more responsive to the variety of learning styles.

Financial Accounting by Walter B. Meigs

Meigs and company explain the accounting concepts just as thoroughly as Hongren but with about half the verbage. I breezed through my summer course and got the highest grade in the class. This book is an excellent teaching tool for beginners and would also make a great reference guide for more advanced students.
