OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Australian Public Policy Progressive Ideas

At a time when neoliberal and conservative politics are in the ascendency in Australia, and social democracy is suffering, Australian Public Policy makes a powerful case for the values and goals of progressive public policy. It brings together leading figures from the academic and the policy worlds to explore economic, environmental, social, cultural, and indigenous rights issues, and it offers valuable insights into the goals and practicality of progressive programs that will be of use not ...

Australian Public Policy: Progressive Ideas in the Neo ...

Since the mid-1970s, Australian economic policy has been driven by a set of ideas based on the claim that a market economy, with minimal government regulation, will outperform any alternative. The central goal of policy has been to reduce the scope and extent of government activity, with the aim of promoting productivity growth.
