A comprehensive analysis of the wars that created and destroyed Europe's empires. Beginning with the post-Napoleonic era, *Colonial Empires and Armies* presents the dramatic story of Europe's empire building, in which the military agents of European imperialism met the peoples of the rest of the world in armed conflict.

Europe and nations, 1815-1914

Throughout the 19th century, there was growing interest in establishing new national identities, which had a drastic impact on the map of Europe. These transformations also highlighted the failure of a certain 'European order' which led to the outbreak of the First

World War.

## **Europe and nations, 1815-1914 - The map as history**

A colonial empire is a collective of territories (often called colonies), either contiguous with the imperial center or located overseas, settled by the population of a certain state and

# Download Free Colonial Empires And Armies 1815 1960 War European Society

governed by that state.. Before the expansion of early modern European powers, other empires had conquered and colonized territories, such as the Romans in Iberia, or the Chinese in what is now southern China.

empires of France and Britain mobilised to aid European and imperial war efforts. This mobilisation and the difficulties of demobilisation placed considerable strain on imperial systems which were only partly addressed through post-war reforms. The Great War also unleashed an unprecedented ideological challenge to colonial rule embodied in the ideas of
