M I T Radiation Laboratory

The Radiation
Laboratory, commonly
called the Rad Lab, was
a microwave and radar
research laboratory
located at the
Massachusetts Institute
of Technology in
Cambridge.

Massachusetts. It was first created in October 1940 and operated until 31 December 1945 when its functions were dispersed to industry, other departments within MIT, and in 1951, the newly formed MIT Lincoln Laboratory. The use of microwaves for various radio and radar uses was highly desired before the war, but existing microwave

M.I.T. Radiation Laboratory ...

The work at the Rad Lab opened up an extensive new realm of engineering—microwave engineering. And, although Rad Lab formally closed on 31 December 1945, its impact continued to be felt. After the war, Rad Lab work was shared
